

Tony's Healthy Christmas Treat for Kids

Ingredients

Spudshed Bananas

Spudshed Strawberries

Giant Marshmallows

Regular Size M&M's, (red for the nose)

Mini M&M's, (brown for the eyes)

Skewers, (blunt the ends so that they're kid-friendly)

Method

Step 1

Peel & chop the ends off the banana. Blunt the ends of the skewers.

Thread the large banana piece onto a skewer.

Step 2

Chop the giant marshmallows into smaller pieces, large round ones for the brim of Santa's hat, and smaller round ones for Santa's hat's pom pom.

Thread one of the larger pieces on top of the banana.

Step 3

Wash the strawberries & chop off the stems.

Thread the strawberry through the skewer so it is above the large piece of marshmallow. Top off the skewer with one of the smaller pieces of marshmallow, to create the pom pom. Santa's hat is now complete!

Step 4

Press two brown coloured mini M&M's into the banana, to create Santa's eyes. Then press in one of the red regular-sized M&M's into the banana to create his nose.

Step 5

Repeat the necessary steps to create the amount of Santa skewers desired.

Serve immediately, buon appetito!
